FROM: Adam Cramton, Clerk *AC*

SUBJECT: Public Hearing – N. Cedar St. Streelights

DATE: April 22, 2021

DeWitt Township has received a petition from residents living on N. Cedar St. who wish to have streetlights added where currently there are none. DeWitt Township is considering 27 parcels of a proposed new streetlight district, of which 19 have signed the petition in the affirmative for estimated costs to be provided. A Public Hearing has been noticed and estimated costs have been provided to the affected residents.

Consumers Energy has not been able to provide the appropriate Resolution and Notice for Change in time for the Public Hearing, so there will be no action taken at its conclusion. The Hearing will be the final opportunity for the affected residents to approve or deny the forming of a new lighting district, with the installation and electric costs to be assessed on their winter tax bill. Pending receipt of the district package from Consumers Energy, action to approve the district could be taken up at the next Board meeting on May 10, 2021.

Residents will be able to comment or protest by attending the Public Hearing in person, virtually by phone, or by letter submitted to the Clerk's Office. At this time, the Clerk's Office has not received any resident letters.
